

# General Services Administration (GSA) Capabilities Statement

## Company Overview:

As an industry leader, Innovative proudly designs and manufactures ergonomic, space-saving monitor arms and mounts for flat panel monitors, notebooks, tablets, POS solutions and sit/stand solutions. Our products transform any office into a healthier office by requiring less effort to achieve a wider range of ergonomic motion and comfort and ultimately improves the quality of the worker's health and comfort.

Over the years, Innovative has built a trusted relationship with clients in the government sector, including the United States Navy, US Army, and the Food and Drug Administration. Our mounting solutions work across a range of functions, from the desk to technologically advanced command and control departments. Government applications are multifaceted and have a broad range of installation requirements; clients from federal, state, and county government offices value the easy ordering process and access to experienced sales, engineering, and customer service teams to ensure they are getting the monitor mount that's right for their particular application.
